PORTLAND'S TRANSPORT MUSEUM

On January 14th we were treated to a real spectacle of watching a Portland Traction Company diesel locomotive push the first two steam locomotives into Oaks Park where they will rest until the new transport museum is completed. The steamers are Spokane, Portland and Seattle, Northern type number 700, and Union Pacific, Pacific type number 3203. Your editor drove the "golden spike" with City Commissioner Ormond R. Bean holding. It is to our interest to take whatever action is needed to see that its success is constant.

THE COACH OF FAME

Pennsylvania Railroad car number 4418 a Class D78CR diner, all-steel car, heavy type construction, built in 1930, will be transferred to Travel Town at Chicago Union Depot on February 21st. Your editor will accept the transfer of title for Travel Town before it moves out over the Santa Fe for Los Angeles. The chief function of the car will be to accord honors each year to one or more persons who have played leading roles in the romance of railroads and/or who have been instrumental in achieving greater advancement for the railroads. The selection to be conducted by a poll of railroad editors not employed by a railroad.

FOOD FOR THOUGHT - by one of our members.

"Are you an active member,
The kind that would be missed?
Or are you just contented
That your name is on the list?
Do you attend the meetings
And mingle with the flock?
Or do you stay at home,
And criticize and knock?
Do you ever help
To make things tick?

Or leave the work to just a few,
And talk about the clique?
Come to the meetings often
And help with hand and heart;
Don't be just a member,
But take an active part.
Think this over dear member,
You know right from wrong.
Are YOU an active member
Or do you just belong.
